

Emma Carter

The First-Time Camera Buyer

I want to capture my world and finally invest in a camera that's right for me.

About

Age: 24
Occupation: Marketing Assistant
Experience Level: Beginner
Current Device: Smartphone

Goals

- Buying with confidence
- Take better travel and portrait photos
- Stay within a limited budget
- A camera that's easy to learn & use

Needs

- Simple camera recommendations
- Beginner-friendly guidance
- Clear comparison feature
- Realistic total cost

Pain Points

- Technical terms are hard to understand
- Too many camera models
- Unsure what she should prioritize
- Buying an expensive camera

* Behaviors

- Watches YouTube review videos
- Searches on Google
- Reads Reddit discussions
- Compares several models across different websites
- Often delays purchasing

* Motivation

"I don't want the most advanced camera. I just want to know which one makes sense for me. I need a reliable source where I can find answers to all of my questions"

Liam Brooks

The Travel & Content Creator

I want to a versatile camera that can keep up with my adventure around the world.

About

Age: 27
Occupation: Content Creator
Experience Level: Intermediate
Current Device: Phone + Action Cam

Needs

- Lightweight and portable camera
- Strong photo/video performance
- Good stabilization and autofocus
- Info about total weight and cost

Behaviors

- Watches travel creators on YouTube
- Searches for compact setups
- Compares camera weight, battery life, and video features
- Looks for real-world experiences

Goals

- Capture high-quality photos and videos
- Lightweight camera for frequent travel
- Improve content quality
- Good performance w.o a large setup

Pain Points

- Reviews focus mostly on technical details
- Doesn't know which features actually matter for travel

Motivation

"I want better content, but I don't want my camera bag to become another suitcase. I just need a compact camera with good lens options."

Noah Bennett

The Enthusiast Beginner

I want something simple enough to learn on, but good enough that I won't outgrow it in a year.

About

Age: 26
Occupation: Software Developer
Experience Level: Beginner-Inter
Current Device: Smartphone

Goals

- Improve photography skills
- Buy a camera he can grow with
- Learn manual controls/shooting styles
- Avoid upgrading again too soon

Needs

- Camera systems comparison
- Long-term upgrade potential
- Lens ecosystem information
- Recommendations based on need

Pain Points

- Too many similar camera models
- Unsure which features are important
- Investing in the wrong lens ecosystem
- Struggles to balance budget with value

* Behaviors

- Reads detailed camera reviews
- Watches comparison videos
- Uses Reddit and photography forums for real user opinions
- Compares lenses as well as camera bodies

* Motivation

"I want something simple enough to learn on, but good enough that I won't outgrow it in a year."
